

The Clark County School District is committed to the well-being of our students, staff, and families and creating a safe and healthy learning environment. In support of our ongoing commitment, the District is partnering with Care Solace to provide an additional layer of care for our community.

Care Solace helps individuals find mental health care providers and substance use treatment centers. Their Care Companion™ team is available 24 hours per day, seven days per week, and 365 days per year to quickly connect individuals to carefully verified providers in your community.

Students, staff, and families may access Care Solace services in two ways:

- Call (888) 515-0595 at any time.
 - Support is available in 200+ languages.
 - A dedicated Care Companion™ will help every step of the way to research options, secure appointments, and follow up to make sure it is a good fit.
- Visit www.caresolace.com/ccsd to start an anonymous search.
 - Answer a few questions to get matched with an extensive list of care providers.

Care Solace is now available for use at no cost. They will connect individuals with providers accepting all medical insurances including Medicaid, Medicare, and sliding scale options for those without insurance. All information entered on the Care Solace tool is completely confidential and securely stored.

Please note this service is an optional resource available by choice. Care Solace is not an emergency response service or mental health services provider. In the event of a life-threatening emergency, please call 9-1-1 or the National Suicide Hotline at 1-800-273-8255.

If you are interested in counseling-related services for your child, yourself, or another family member, please contact Care Solace for valuable assistance.
